

All DABA Memebers - NC16 Corridor Vision Plan

To: All DABA Members  
From: Denis Bilodeau, DABA President  
RE: NC16 Corridor Vision Plan  
Date: June 5, 2009

The following letter was sent to me requesting comments from DABA members regarding the NC16 Corridor Vision Plan. Please review the request below and e mail your comments to Mr. Randy Williams, Lincoln County Principal Planner, [rwilliams@lincolncounty.org](mailto:rwilliams@lincolncounty.org)

You input is important and much appreciated.

Gentlemen/Ladies;

Let me take this opportunity to invite your members to submit comments on the NC16 Corridor Vision Plan.

The NC16 Steering Committee, along with Lincoln County Planning Staff, has worked for over 12 months to develop recommendations to improve the appearance, economic vitality and function of this important corridor. On April 23rd a second Public Forum was held at Unity Presbyterian Church to review the background and draft recommendations of the plan. We received a lot of good feedback concerning the draft recommendations, but wanted to make sure all were given an opportunity to have their opinion documented.

With that in mind, the presentation shown at the April 23rd meeting was placed on the Lincoln County website for additional public review. It can be found on the website at <http://www.lincolncounty.org/index.asp?nid=646> where all citizens can review it at their leisure.

Again, please let your members know this is available for their review and staff would like to receive any comments no later than July 4, 2009. The members of the NC16 Steering Committee, the Lincoln County officials and staff appreciate your interest.

Sincerely,

Randolph S. Williams, AICP

Principal Planner

Lincoln County Planning & Inspections Department
